1. Why should we hire you?

Because of I am flexible and amiable. I don't have any experience because of I am a fresher so I need a platform where I can show my ability and I want to explore my knowledge.

WHY DO YOU WANT TO WORK AT OUR COMPANY?

Sir, I want to work in a reputed company like yours where I can improve my skills and it will be great honored to work with your com pany by which I can explore my knowledge and my career.

3. WHAT ARE YOUR GOALS?

My showtime goal is get a job in your company my long time goal is good position in your company and financially support to my family

4. CAN YOU WORK UNDER PRESSURE?

Yes Sir, I can work under pressure. The hidden quality of a person comes forward only when they work under pressure. So it will definitely boosts my confidence and ability to work in any situation

5. How do you feel about working in Night Shifts?

As a fresher I would think working at Weekends and nights as a additional opportunity to get proficiency in my field as soon as possible. So that I would really helpful to the organization in a better way in a short period of time

6. Are you willing to relocate?

Yes Sir I want to relocate. Due to this relocating we learn many things like cultures, languages, attitude of different people. Its a best option

7. WHAT ARE YOUR STRENGTHS AND WEAKNESSES

MY STRENGTHS ARE
Optimistic.
Flexibility
Quick learner.
Self motivated
I have the ability to work in team as well as individually.
I have good communication and excellent documentations and
reportify skills.
I am adaptable in any kind of environment
I am a quick learner from my mistakes and willing to be im proved from
those mistakes.
I try to balance success and failures in a balanced manner and I'm optimistic,
I never lose hope. Eagerness to learn new technologies.
WEAKNESS
I am a bit traditional in my approach.
Can't wait for any Thing, feeling like totally wasting of time.
I sometimes feel hard to say no to people.
If anybody ask for help I never say no.
My weakness is when I involve in any work I try to finish it as soon as
possible and I do not care about my time. If anyone ask me to help I never
negate them.
I can't eat and sleep if I don't finish my duties.
I will see for the 100% perfection, at sometimes it results in delay of work in
time.
I don't feel comfortable until I complete my work.
I try to finish two tasks at the same time.

8. HOW MUCH SALARY DO YOU EXPECT?

Sir, as I am fresher, I don't have any idea, but I can trust you and
confidently say that you will give me a salary as per my performance and
industry standard and what I deserve.

9. What is difference between confidence and over confidence?

Confidence means I am suitable for this position but over confidence means I
only suitable for this position.
 According to me "confidence" is something that can put you out of any
trouble and "over confidence" can put you in trouble.

10. WHAT IS THE DIFFERENCE BETWEEN HARD WORK AND SMART WORK?

Hard work means more input less output. Smart work means less input more output

Or

Hard work: Physical work without brain work.

Smart work: Brain work with physical work.

11. WHAT MAKES YOU ANGRY?

Anger is a human emotion. Generally I don't get angry too much. I control it to an extent. But I get angry when some people humiliates other people.

12. GIVE ME AN EXAMPLE OF YOUR CREATIVITY.

Sir my creativity is that I try to solve every problem in every position by using my mind, experience and intelligence and I also try to give answer of any question in well way like here I am trying to give answer of all questions this is also example of my creativity.

Or

Truth of life, if a man can do all thing and create new things with his idea's but he had no degree or certificate is known as creativity.

13. Being a Non-IT student, Why did you choose IT?

Software is the way the future seems to be going, with everything in our lives slowly shifting to the e-platform.

- or

Since the beginning of my graduation I developed my liking for IT and with time this inclination became stronger and today I have the chance to pursue my interest as my job , and that is why I want to join IT industry

14. Where do you see yourself in the next five years?

I am still in the learning phase. But over the next few years, I would focus more on improving my skills, both on technological and leadership fronts and 5 years down the line, I would like to see myself in a position to propagate great innovative ideas and lead my team towards such ideas.

or

In 5 years from now, I see myself as an knowledgeable and respected person in my company and I have an in-depth knowledge of the industry and the domain.

15. Do you have any questions for me?

How do you feel working with XXXX company?

or

How is the work life balance?
